

Academic Development and Support (ADS) Vaal Triangle Campus

eFundi

Communication

It becomes difficult to get information out to and communicate with students during times of crises. ADS encourages you to make use of all the tools at your disposal.

eFundi Communication Tools:

- * The **Announcements** tool is great to get a message out to all students registered for your module. Remember that you can add attachments when referring to a specific document or video.
- * The **Messages** tool is handy when you need to contact only a specific student or group of students.
- * Make use of the eFundi **Chat** tool to communicate (in real time) with your students.

Tips/Suggestions:

Encourage your students to install the **eFundi Move** mobile app on their mobile devices if they would like to get **instant notifications** of any new announcements or resources that you post on your eFundi site.

Post an announcement with the times that you are available, then meet up with them in the Chat room so you can answer any questions they might have.

Please feel free to contact us for any help or support needed:
