

EXPLORE
AI@NWU®

DISCOVER, LEARN, AND LEAD WITH AI |

We see **artificial intelligence** (AI) as a powerful tool to shape the future—one that combines innovation with a sense of responsibility. By focusing on openness, accountability, and aligning with what matters most, we aim to make AI a positive force in everyday life. Explore how we're approaching AI thoughtfully and discover what's happening at **AI@NWU**.

As part of the NWU's commitment to promoting the ethical and responsible use of Artificial Intelligence (AI) in teaching, learning, and research, all speakers and presenters on the topic of AI are encouraged to familiarise themselves with relevant NWU's official guidelines and policies.

Key Resources

These resources provide essential frameworks to ensure AI technologies are used with integrity, fairness, and respect for academic standards.

The guidelines should be read in conjunction with the NWU Policy on Academic Integrity and the NWU Statement of Intent on Artificial Intelligence.

NWU Guidelines:
Responsible &
Ethical Use of AI

NWU Policy:
Academic Integrity
