

# Teams creation via PowerApps

**STEP 1** Open Microsoft Team

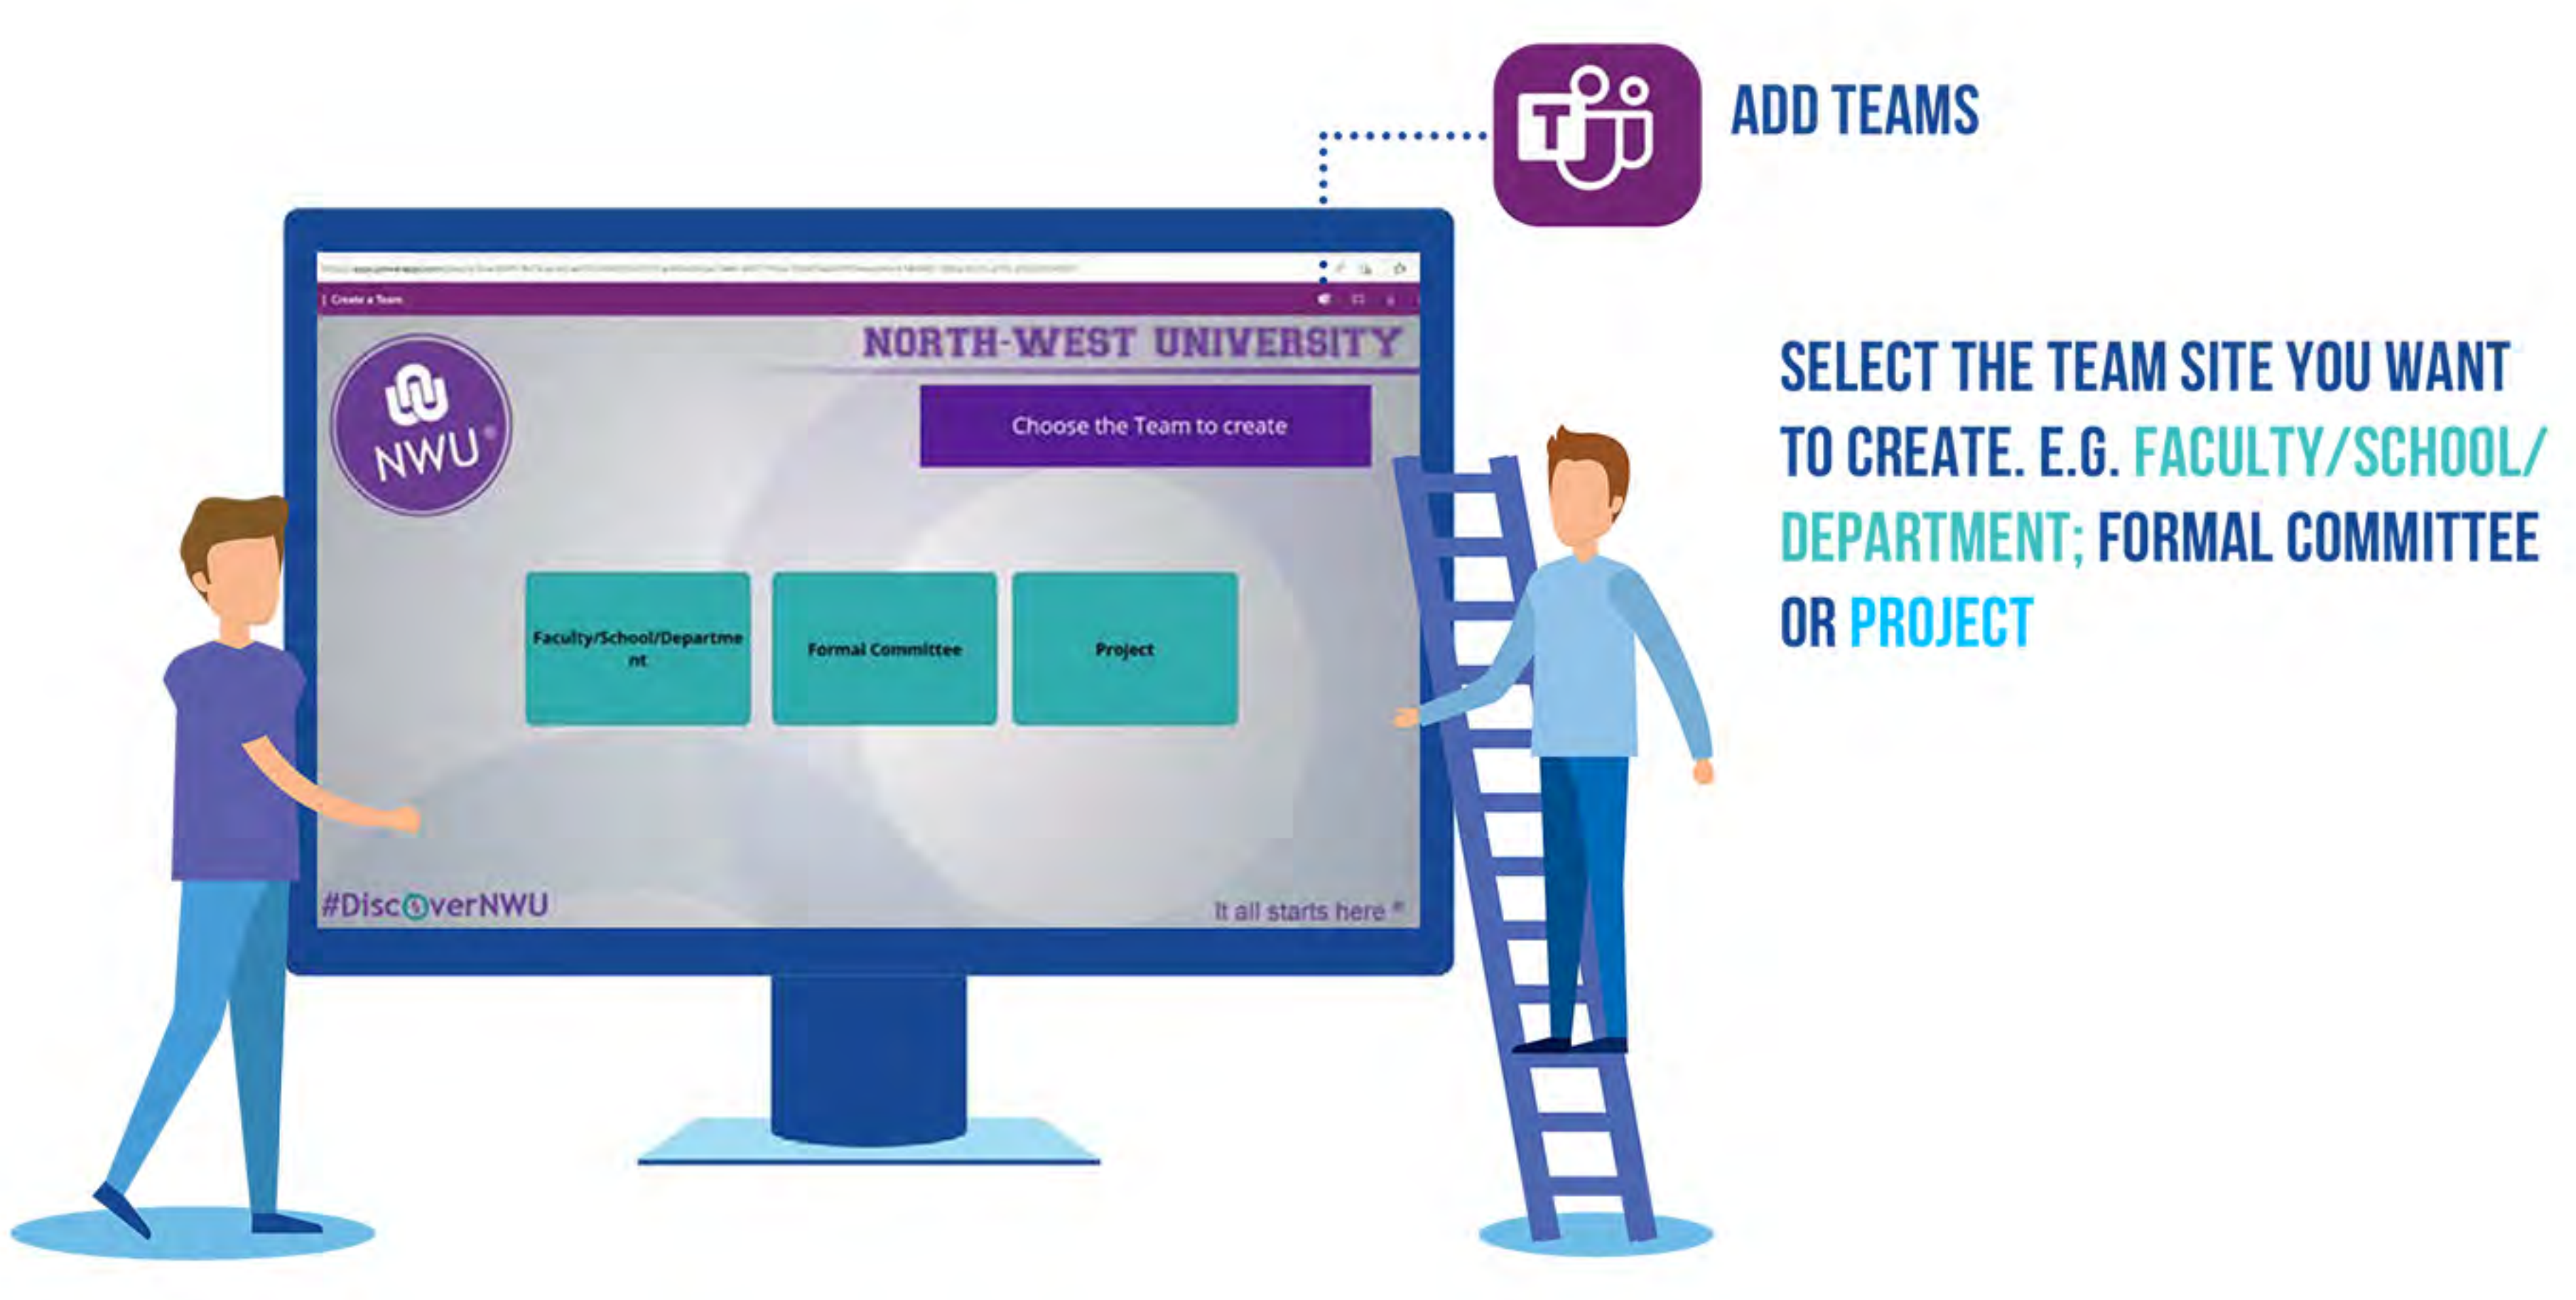

Click on "Add Team" icon on the left panel of your Teams Application

**STEP 2**

**STEP 3** Choose the Team site you want to create

After selecting Team site from drop-down list, click create team, then your team will be created.

**STEP 4**

**NB:** Teams creation can take up to 15 min to be created. If a team you want to create already exist, you will receive an email to contact team owner for you to be added to that "Team."

You are ready to use the App to create a team....!
