

# What can I expect from my **Hoxhunt** training?

We have partnered with Hoxhunt to train you to become a defender against email-based attacks.

All you need to do is learn to recognize and report suspicious emails with the Hoxhunt button, integrated right into your inbox.

By reporting, you both take part in the Hoxhunt training, and give visibility to real attacks targeted at your organization.

- ✓ **Convenient:** You can find the Hoxhunt button easily in your email inbox
- ✓ **Short:** Training only takes 1-2 minutes to complete and fits into your day-to-day routine
- ✓ **Informative:** Learn through short microtrainings and security awareness quizzes
- ✓ **Engaging:** Earn stars, achievements, and shields to track your learning progress
- ✓ **Personalized:** Performance and job function-based training, personal training path just for you, with extra spice available for more advanced users
