

1 How to download your eFundi content

To download the app for Android or IOS please visit the app Store.

The Desktop version can be downloaded at this link <http://www.nwu.ac.za/it/sc/efundimove>

1.1 How to get started

The screenshot shows the login interface of the eFundi app. At the top, there is a navigation bar with a home icon and a menu icon. Below this is a header with the word 'Register'. The main content area features the text 'Please sign in' in a large font. There are three numbered steps indicated by red boxes: 1. A text input field for 'Student Number'. 2. A text input field for 'Password'. 3. A grey button labeled 'Sign in'.

1.1.1 Enter Student Number

1.1.2 Enter Password

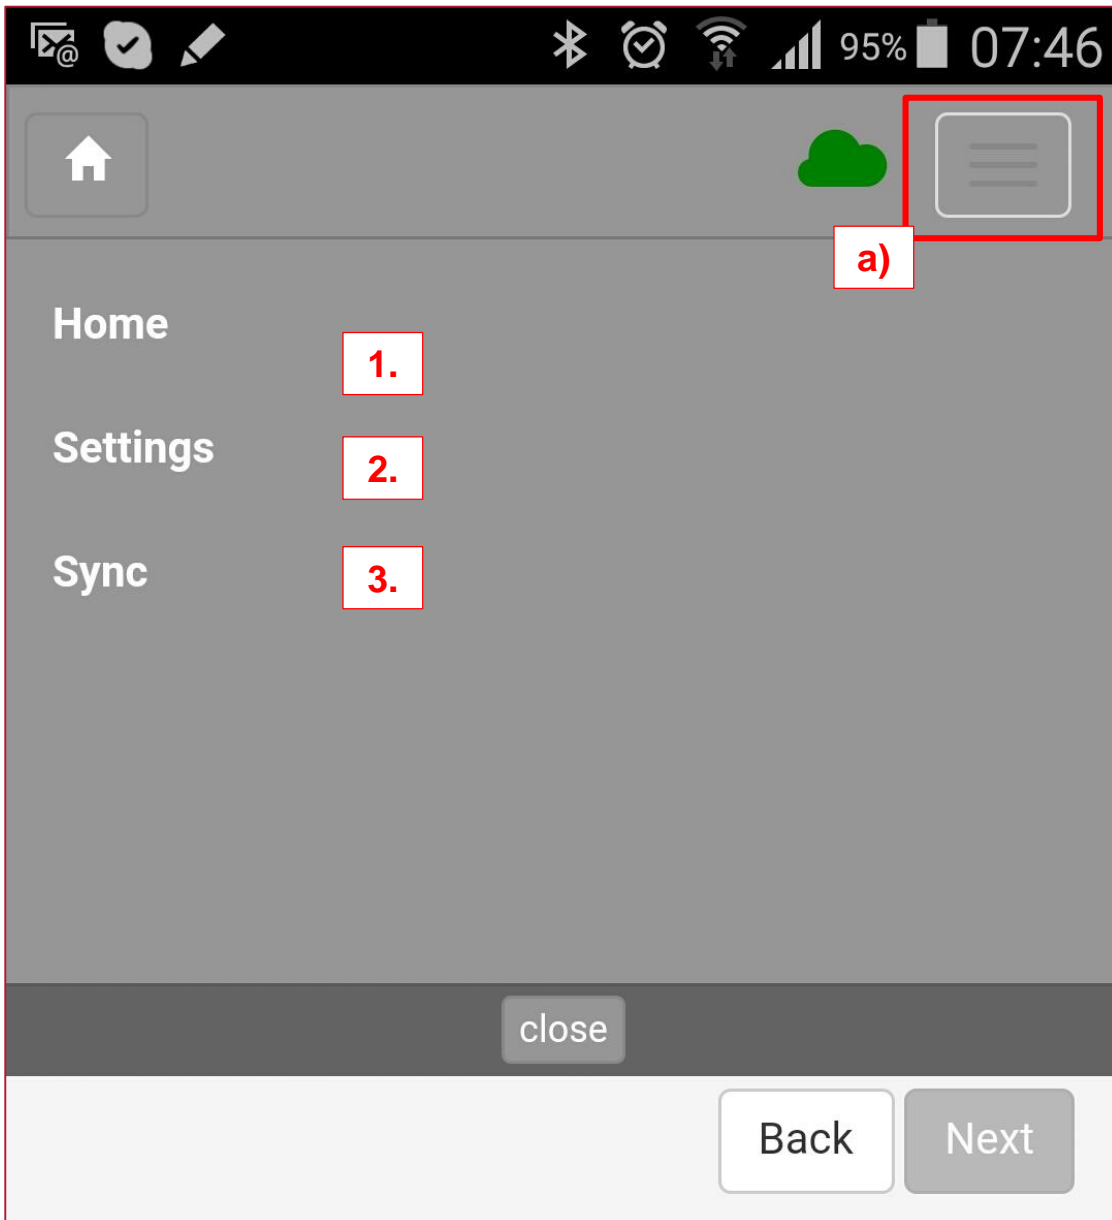

1.1.3 Click Sign in

2 Use dropdown menu button

a) The dropdown menu consists of the following options:

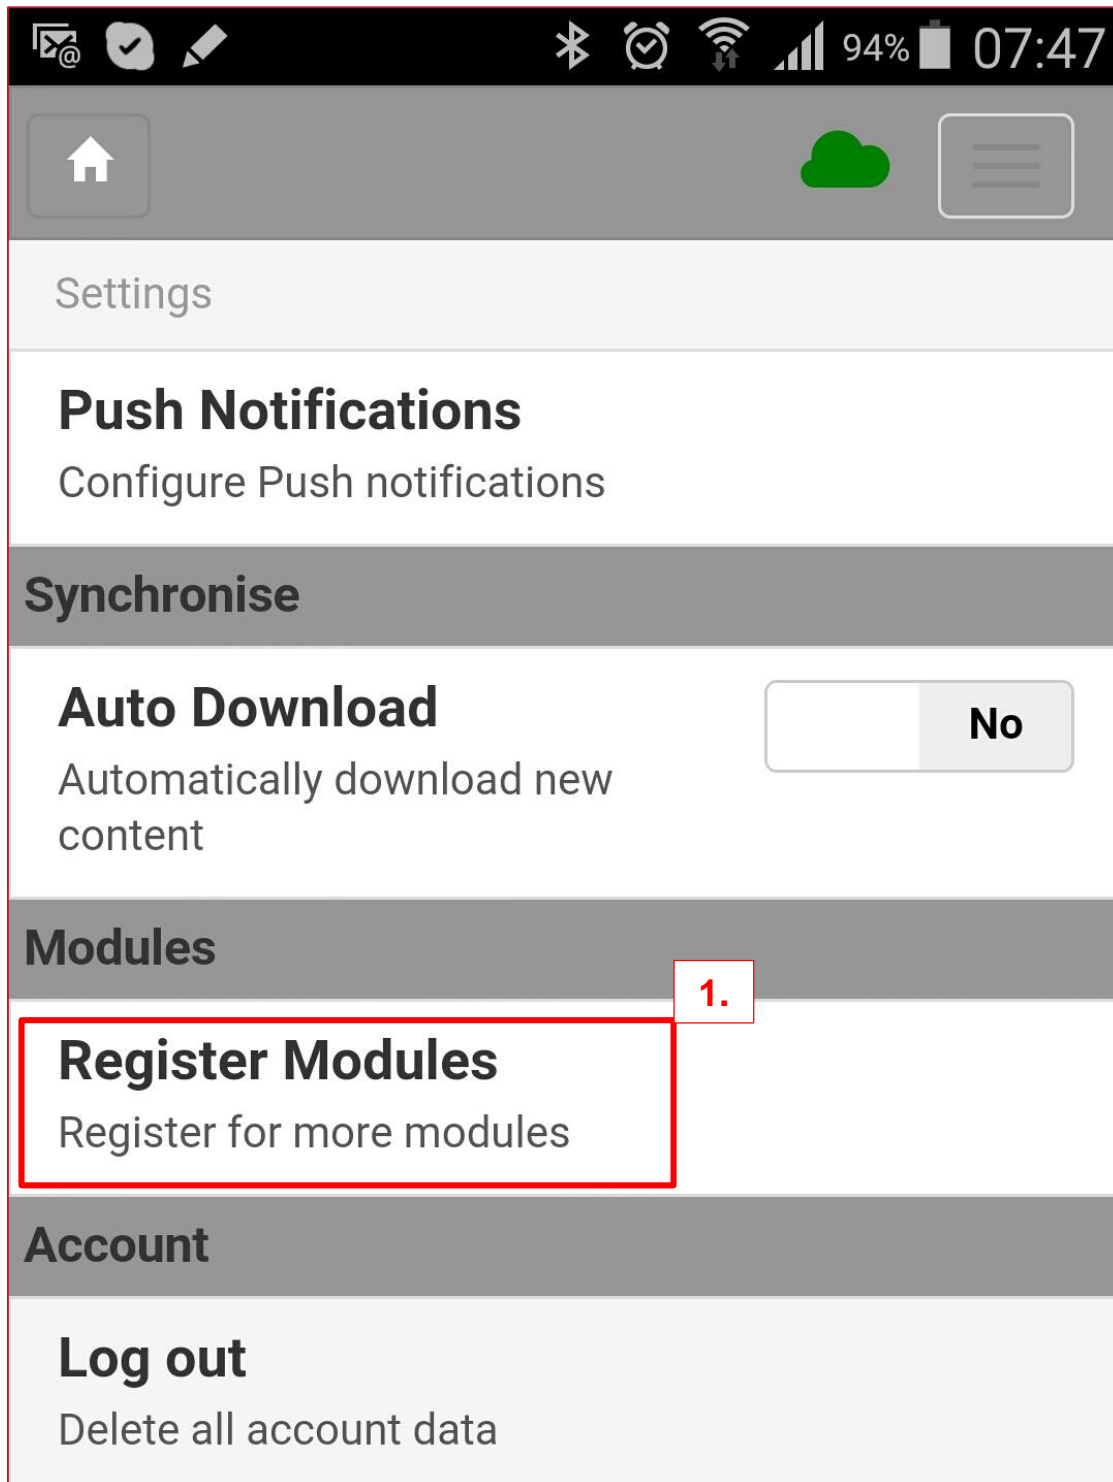

1. Home
2. Settings
3. Sync

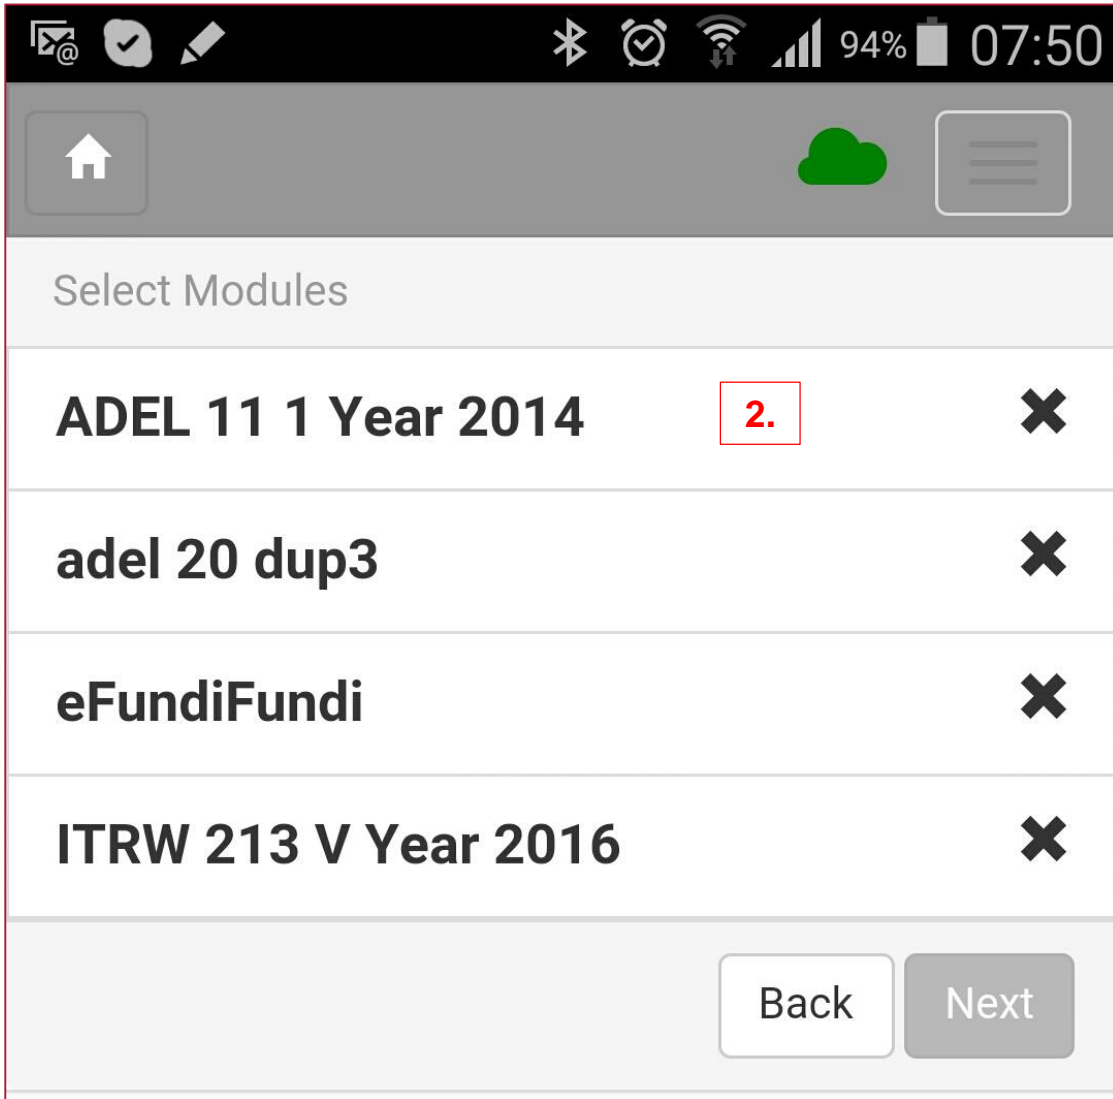

Click Settings to set your preferences.

2.1 Using the Module Option

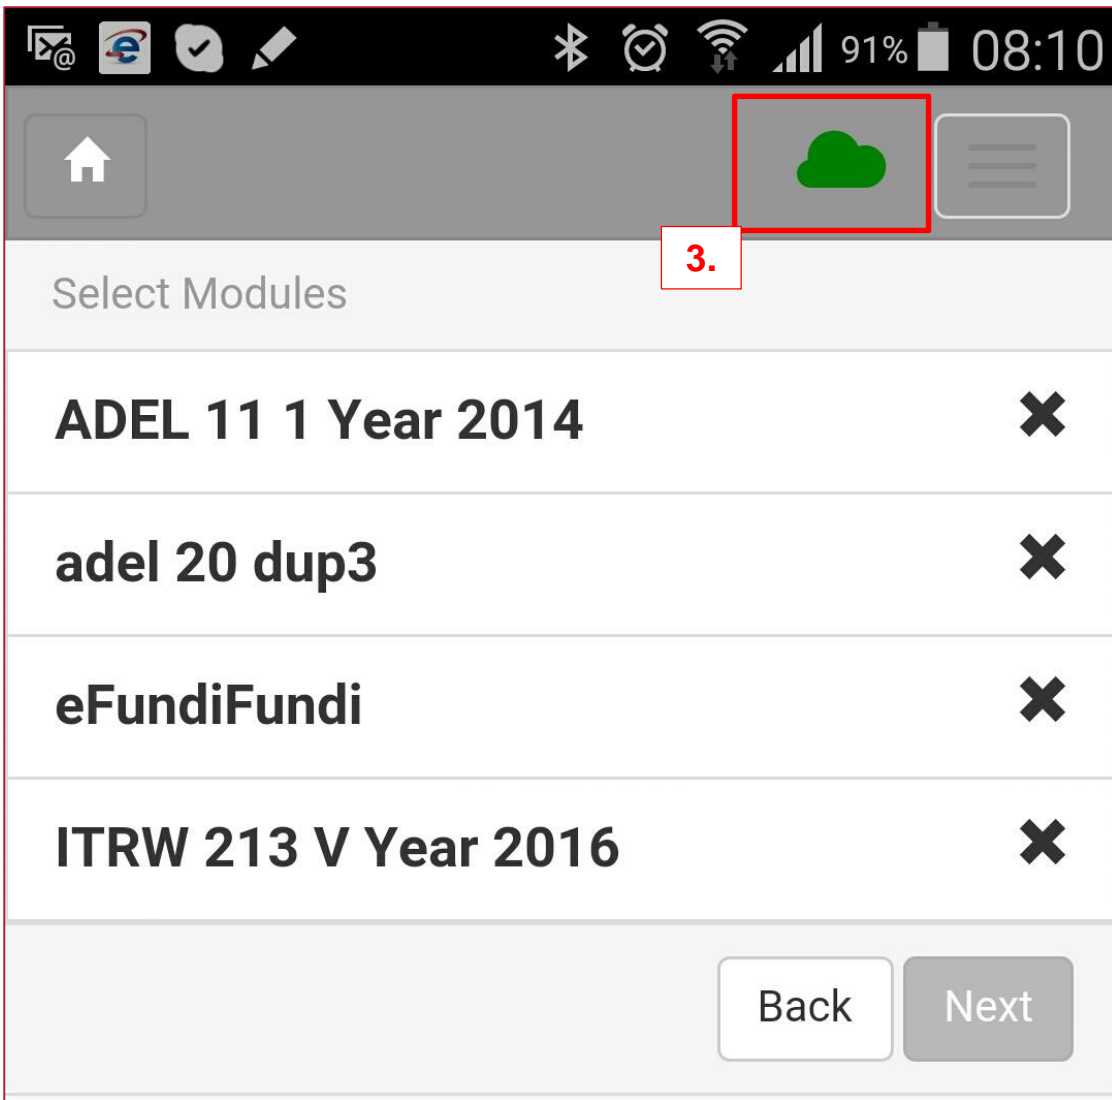

1. Click **Register Modules** to choose the sites you want to be displayed in eFundi Move.

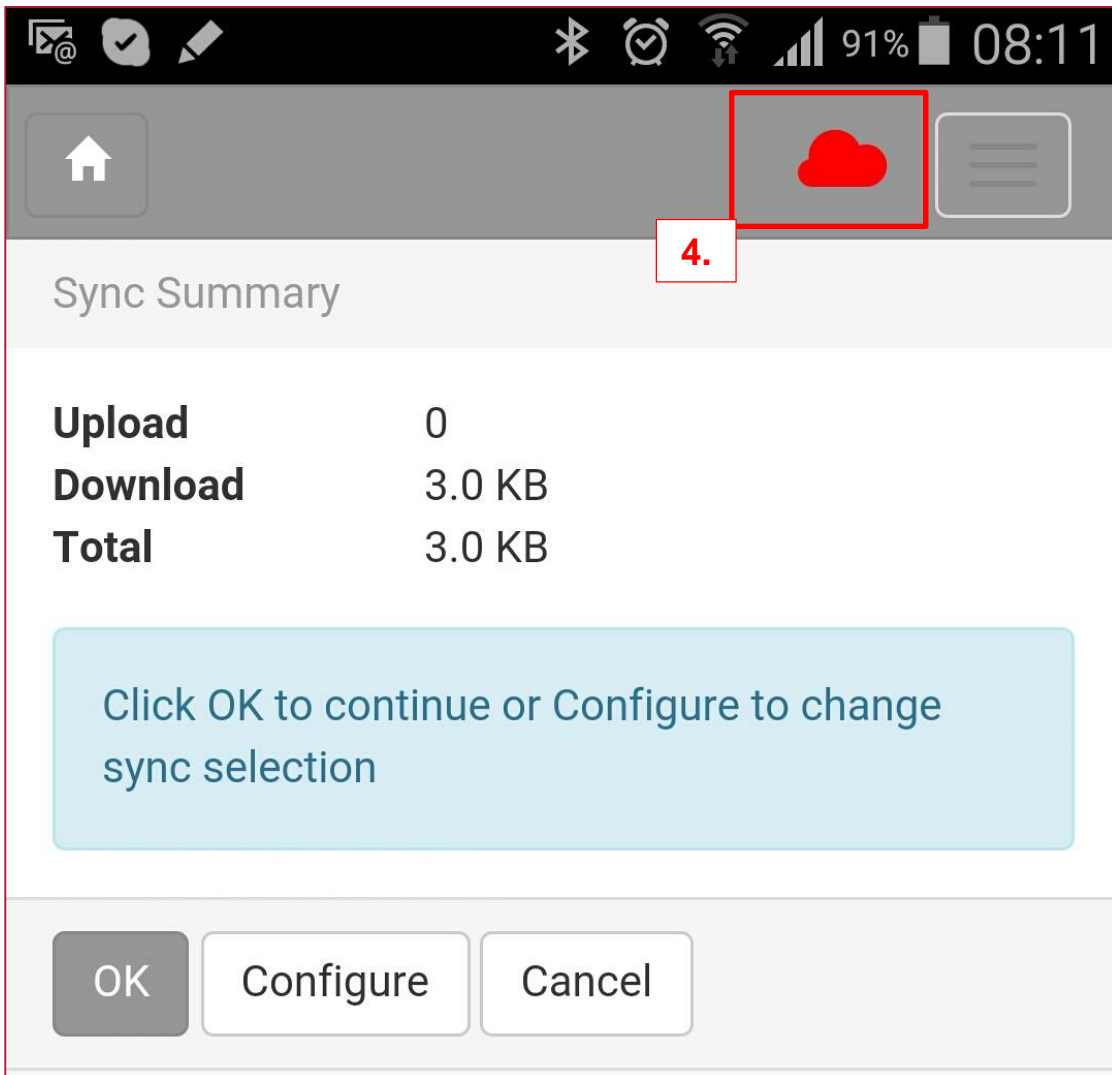

2. Click the sites to download

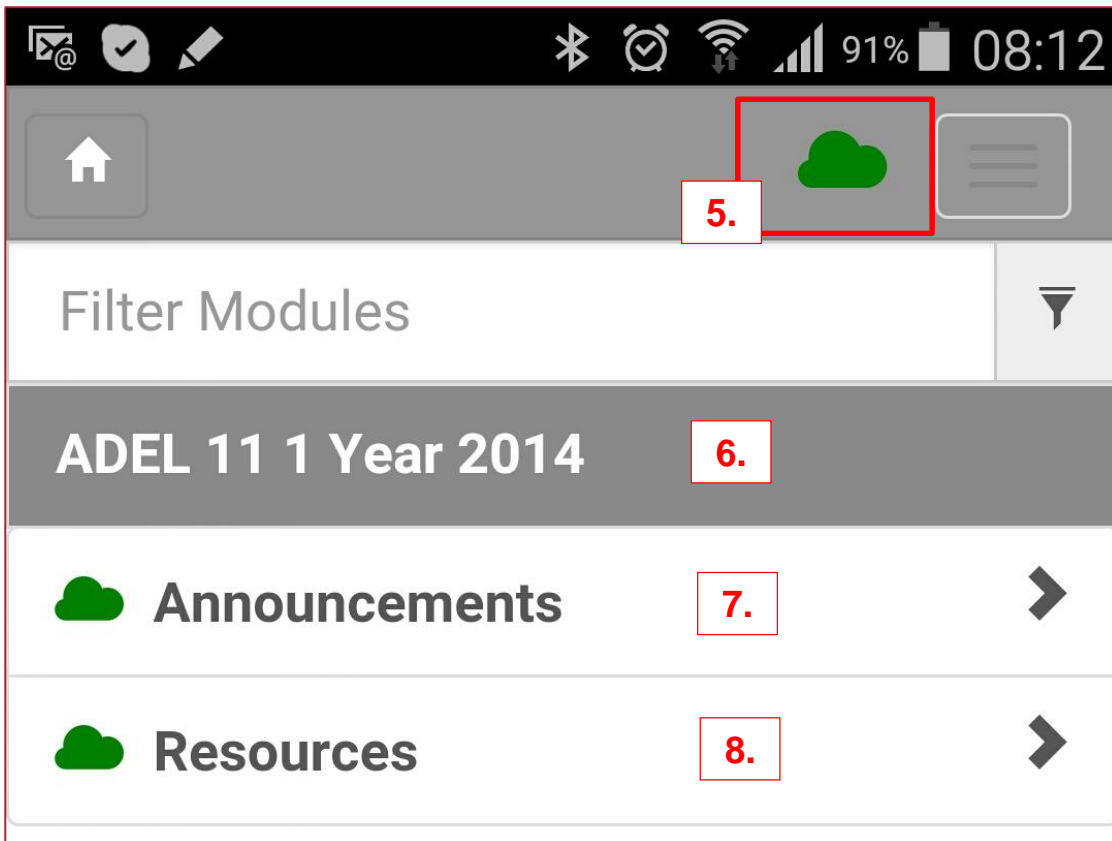

- Click Next

3. Remember check this icon to make sure that the device is synced. Red means out of sync or there is something new for you to see.

4. If the device needs to be synched, the icon will appear red. Follow the instruction on the screen. Configure to sync. Otherwise OK to continue.

5. The green status suggest that everything is in sync between eFundi and eFundi Move.
6. Indicates which eFundi module has been selected.
7. Announcements as option may be chose to download.
8. Resources as option may be chose to download.
